**Tabla 1. Número de colectas de embriones y embriones colectados**
*Re number of flushes, if no sexed semen data available, put data under "Conventional Semen"*
*Notes: Re number of OPU sessions, if no information available on "non-stimulated" vs "stimulated", put data under 'non-stimulated'*
*Re dairy and beef breeds, if no information available as to cattle type, put all under your most common situation.*
*Sexed semen data is optional*
